ORGANIC, SUSTAINABLE & HOME MADE

We buy our meat and eggs at the Lindenhoff Farm. They produce as sustainable as possible with special regard for animal and earth.

Our sausage comes from the famous Amsterdam based sausage makers Brandt & Levie. They make great sausage and only use happy pigs.

At Stek we make everything ourselves. Jams, granola, mayonnaise, gravad lax and the cookie with your coffee. This way everything tastes better and we waste as little as possible.

GENERAL NOTICE

When busy no split bills or special requests. In weekends we have a special (smaller) menu for parties larger than 6. Due to our small kitchen dishes can take a bit longer during peak hours. Thanks for understanding!
